Good morning

Please find attached the final scores for the District Trials held on the weekend.
It was a great success and everyone worked well at ensuring the competition ran quickly and efficiently (in amongst all the other activities)

We applied the following principles for the handing out of the District Awards:

- Total Score below 300 = Bronze award
- Total Score between 300-399 = Silver award
- Total Score above 400 = Gold award

I don't know how you want to send out the final score sheets – it does rank the kids in their order – but Robyn has written in the column next to it what award they received.

I'm not sure if you can hide the ranking column when you do the pdf print to send out??

We didn't hand out letters to the Blomvlei children who were only Cat D participants and the St Mary's entrant in Level 2 female because she did not compete in Freestyle, so didn't feel this warranted being allowed to move on.

Let me know if you need anything else?

Medic was not used for a single thing....only thing needed by a judge was a headache tablet which he obviously does not have ☹

Also let me know when you need the table cloths and flags.

Cheers
Anne
